

Cambridgeshire County Council Legal Liability Insurance Scheme

This legal liability insurance only covers lettings that are non commercial and non profit making.

This scheme offers liability insurance that will provide indemnity to persons hiring library premises in the event of a claim being made as a result of an incident during the letting.

In the event there is no other insurance available the following risks can be insured in the name of the hirer:

- a) Public liability to a limit of indemnity of £5 million
- b) Damage to the hired premises by fire or explosion caused by the negligence of the hirer – no limit of indemnity
- c) Other negligent damage to a limit of £25,000 – with an excess of £100 on any one claim.

To be included in the Cambridgeshire County Council Legal Liability Insurance Scheme hirers should complete this form. The cost to the hirer will be 7% of the total hire charge.

I confirm this booking is made on behalf of a non commercial and non-profit making organization which does not possess legal liability insurance. I therefore wish to be part of Cambridgeshire County Council's legal liability insurance scheme.
