	<b>Intervention Description</b>	<b>Actions Taken So Far</b>					<b>On Target</b>	<b>Comments</b>
	To develop a county wide action plan with local variations to tackle childhood obesity: Sure Start LDPs; delivery of Health Promoting Schools programme including 'adopt a school scheme' to promote healthy living and eating, play, sports, arts and culture strategies	Countywide, work is on going around standards for school meals, and through health, a countywide group is developing a training programme for school nurses and Health Visitors to make obesity interventions in schools and with families In East Cambs and Fenland, the PCT have employed a "Choosing Health" community dietitian: their role will include work with local early years settings and schools to support healthy eating. This will build on existing work carried out by South Fenland Sure Start and Health Promoting Schools. In Hunts, recruitment has taken place to existing vacancies. Choosing Health and Hunts District Council funding confirmed for further three years for Hunts for Good Food – a community based healthy programme targeting families and schools. Choosing Health funding used for obesity programme to be launched Oct 2006. Initial 12 week course will target adults. Second phase in 2007 targeting families and communities. Builds upon health Promoting Schools work.					✓

<p>Improving accessibility of sexual health advice services through ensuring young people have high quality information in appropriate media; access to trained professionals who can provide guidance and sign posting to appropriate services; develop an action plan for the introduction of condom distribution schemes</p>	<p>Increasing access to sexual health &amp; contraceptive services for young people through the establishment of Young People's Clinics and school based services. Community SRE programmes established. Countrywide protocols and standards for sexual health services for the under 25s to support professionals in different organisations to provide the services and ensure quality are in draft format.</p> <p>Countywide, standards and competencies are in development for the provision of sexual health services, with joint training for OCYPS and PCT staff now available. A county wide condom distribution scheme is being developed and should begin fully in quarter 3. In City and S Cambs, a community sexual health service opened in Cambridge City linking family planning and GUM, providing an alternative to primary care, and young people's clinics are operating on Saturday mornings form community and venues and Addenbrookes. In East Cambs and Fenland, the PCT is involved as a partner in the Community Sex and Relationships Education Policy pilot in Wisbech. The ECFPCT run "Clinic 1": providing advice, screening and treatment for STI's in Wisbech (opened in March 2006). Levels of attendance at the clinic are good and a similar clinic will open in Ely at the end of Sept. In Hunts Sexual Health clinics (advice, contraception, STI screening) for young people operating in the 4 market towns. Excellent attendance at St Neots and Huntingdon. Ramsey and St Ives recently opened and uptake has been slower. Strategies to promote attendance have begun. School based services: a pilot at Longsands, parental consultation in Hinchingbrooke underway and Drop-in's established by school nurses in each senior school.</p>	<p>✓</p>

One pupil who was graded for English moved off before the maths assessment. Some pupils who performed well in Feb. 2006 are now off roll and several were travelling in May so did not score.  Maths started from a higher baseline than English. Good progress has been made by many individual pupils but the overall average falls short this time of the target
		English 12.3 pts	15.6 pts	N/A	N/A	14.9 (2006)	<b>x</b>	
	- academic year ending 2007	7.8 pts	N/A	13.6 pts	N/A	N/A	N/A	
		12.3 pts	N/A	18.1 pts	N/A	N/A	N/A	
	<b>Intervention Description</b>	<b>Actions Taken So Far</b>					<b>On Target</b>	
Provision of additional intensive teacher support to targeted pupils	Intensive support is supplied to all pupils in the cohort. A meeting was held in September with Headteachers to look at our strategies. Much depends on which pupils are present and on attendance levels					<b>✓</b>		

Ref 1.5.3	PI Description	Baseline 2003/4	Target 06-07 (Yr 1)	Target 07-08 (Yr 2)	Target 08-09 (Yr 3)	Latest Result	On Target	Comments
	Communication, language and literacy of children at Foundation Stage for targeted schools	23%	N/A	38%	N/A	43% (2006)	✓	This year's performance is still above target level though it shows a slight fall from last year. Final results will be taken from the 2006/07 Foundation Stage Profile. As a separate group of children will be measured, there is no guarantee that there will be any improvement on 2005/06.
	Intervention Description	Actions Taken So Far					On Target	Comments
Provision of support programme to 3 targeted schools	The three targeted schools were involved in Communicating Matters training during 2005/06					✓
