

Special Educational Needs and Disabilities Strategy 2018-2023

Throughout this spring, we have been running a series of workshops across Cambridgeshire and Peterborough for anyone interested and / or involved in working with or caring for children and young people with special educational needs and disabilities to hear your thoughts about our new strategy.

We are keen that as many people as possible are able to contribute their views so we have launched an online workshop which covers two important areas:

First looking at a pledge or a series of commitments we would like everyone to sign up to that describes how we want to work with each other and children and young people with special educational needs and disabilities.

Second we are seeking views on what needs to be done to deliver the three main priorities of the draft SEND Strategy for Cambridgeshire and Peterborough. We will look at each priority individually. Please use the link below to watch the videos and complete the survey.

A huge thank you to everyone who contributed their thoughts and ideas in the consultation on the draft strategy in November 2018. The final strategy and action plan will be published later in the spring.

A wide range of individual views were provided as additional comments in the survey responses. A number of themes identified including workforce development and accountability will be reflected in the development of the action plan.
