Community transport provides journeys for people who have difficulty using conventional public transport.

The majority of the community transport schemes are restricted to individuals meeting the following criteria:

- those who do not have access to public transport and do not have access to their own car
- those who experience difficulty using public transport ie because of a disability or age
- those who are socially or rurally isolated from accessing basic public services and facilities (such as healthcare)

Types of community transport schemes

The following are some of the community transport schemes operating in Cambridgeshire:

- [Rural Hoppa](http://www.ramseybus.org.uk/page.php?4) (<http://www.ramseybus.org.uk/page.php?4>) - operates one day a week in Ramsey and Huntingdon
- **Cambridgeshire Minibus Brokerage Scheme (CaMBS)** - vehicle-sharing scheme that enables community groups, clubs and not-for-profit organisations to use accessible and affordable minibuses.
